MEDIEVAL AND MODERNIST MONASTERY EXPERIENCE

A fascinating multisensory journey through the Monastery and its ten centuries of history.

Relive a thousand years of history while immersing yourself in a multisensory experience with large-format projections, music and lights... The visit to Món Sant Benet allows you to explore the monastery's most monumental spaces, where the most evocative atmospheres have been recreated thanks to spectacular audiovisual technology. A true gift for the senses.

The Sant Benet de Bages monastery was founded in the 10th century.

Its walls contain more than a thousand years of history, and its rooms have been created and restored in accordance with the artistic tastes from each of the different eras. A visit to the monastery will submerge the visitor in its emblematic spaces such as the cloister, the church or the modernist rooms that belonged to Ramon Casas, while also allowing them to enjoy one of the most spectacular museum installations in the country. Sound, light, colors, smells, important people from the past... All while immersed in a magical environment. Come on a journey back in time to our very beginnings and enjoy a truly unique experience. Guided visit.

The group will be accompanied by a tour guide.

Duration: 1h

Schedules: 10:00h to 17:00h | Out of time starting at 17:00h.

It is possible to adapt the duration and route of each tour to the client's preferences.

Activity in Catalan, Spanish and English.

WINE STORIES

Discover the surroundings of Sant Benet and taste local wines

Did you know that the Sant Benet monastery was a great wine producer? For centuries, the monks made a great diversity of wines, some of them in large quantities. We suggest you accompany us on an itinerary to rediscover the monastery through this highly appreciated drink.

Wine has been in the spirit of the monastery for centuries and has shaped the landscape, but also the architecture, the economy and of course the spirituality. We want to explain this and other curiosities in the surroundings of the magnificent monastery and its wine-growing past.

The tour includes a wine tasting from the D.O. Pla de Bages

Team Building

GEOCACHING IN THE MONASTERY

An exciting orienteering game through the thousand-year-old spaces in the Món Sant Benet Monastery

Participants are divided into groups and, with the help of a map of the monastery, each group must be able to locate digital markers hidden in various areas of the monastery, while their trajectory is recorded via a chip.

You will visit several of the complex's main spaces: Cloister, Refectory, Belfry, Courtyard "of the Cross", Montserrat Gardens, Church Façade and Cemetery.

Each group will have to follow their itinerary in a specific order. Before starting off on the hunt, the groups will have to solve several puzzles related to the capitals of the cloister in order to obtain the order in which they will have to pass through the different rooms.

In addition, the teams will receive the order to immortalize their journey with four images that recreate four historic moments in different parts of the monastery, for which they will be given a camera. All of this will be done in a race against the clock.

Time is of the essence.

The team capable of best manage their time will be the winner!

Maximum 100 participants

Activity in Catalan, Spanish and English.

A strange and dangerous book, a high security box and a 90-minute countdown. Who will be able to open the box before the book is destroyed? A cooperative game set in a thousand-year-old monastery. Full of challenges and intrigues to be solved!

Very few people know about the existence of this book. During the monastery’s last restoration, it was discovered that the painter Ramon Casas was hiding a strange and dangerous book that had belonged to the former library of the monks.

Because of its content, it wasn’t incorporated into the official inventory, it was deposited in a safe that was specially built to protect it. The monastery’s safe is now 10 years old and a countdown has been activated. The participants have 90 minutes to open it, after which an acid will fall on top of the book and destroy it forever...

In teams of 5 people, from one of the monastery’s rooms set up as the center of operations, participants will have to find several clues hidden in the archive of the painter Ramon Casas. These clues will lead you to explore all of the monastery’s most unique spaces.

Cloister

Courtyard “of the Cross”

Belfry

Montserrat Gallery

Church Façade

In each of these places, you must solve different puzzles based on visual games, numerical codes, etc. But at the end, the only thing that will manage to solve the puzzle and save the forbidden book is the cooperation among teams.

Corporate social responsibility activities

ENVIRONMENTAL CSR IN MÓN SANT BENET

Món Sant Benet is part of the Fundació Catalunya La Pedrera, a private, independent and non-profit humanist foundation that works for people. We promote programs for dignified aging, inclusive employment, sustainability and nature, healthy eating, and promotion of scientific and artistic vocations. It is our way of giving effective responses to the great global challenges: direct actions with a real and positive impact on people's lives.

Corporate Social Responsibility is linked to the mission and values of the Fundació Catalunya La Pedrera since it shares the same purpose: to improve the society of which we are a part.

Doing CSR at Món Sant Benet guarantees a double positive impact: the one directly generated by your action and the one derived from the contribution to the different programs that we promote from the Fundació.

Món Sant Benet has a unique natural area that ranges from a riverside area around the Llobregat river with high biodiversity to an organically grown orchard area. This combination allows us to carry out various environmental actions that result in the improvement and preservation of this unique space.

CSR ACTIONS ACCORDING TO THE INTEREST OF THE COMPANY OR THE NUMBER OF PARTICIPANTS
